Public whipping and confiscation of property, though a death sentence is not ruled out if the money launderer is proven to support any terrorists or hostile nations.

Sabotaging an execution, with the intent of prolonging the agony for the criminal.

Heavy interrogation followed by either execution or internment in a black site depending on findings.

Engaging in illegal genetic experiments that produce perfect controllable specimens that the organization then spreads around YN in an attempt to infiltrate and control all aspects of power. They are stopped in time by YNs top agent and their ringleaders now stand trial.
