On May 10 on 1941 during WW2 the Tolopian president was kidnapped by a female German Spy. And founded in a bunker near Camdembourg with loads of indescribable toys. The female german spy was executed and filed for rape.

Sounds like they had a fun Second World War experience

An alternate history version of China in which the alliance between the Kuomintang and the Communist Party never broke down, eventually resulting in a federalized, democratic China. Though one of the world's strongest economies and an emerging superpower, China continues to suffer from high rates of income inequality, an overreaching and sometimes corrupt government, and cultural issues that continue to persist despite the efforts of many reformers over the decades. Most factbooks are still an active WIP.

If your cousin sues, you will have to sit through a very long and tiresome court case as your lawyer and your cousin's lawyer argue over the ethics of dog meat, which will be far worse punishment than whatever actual punishment the Twilight Embassy concludes is fitting.
