IC flag reminded me of a communist state in the Pacific

The Provisional Siberian National Soviet
The Iron Vozhd | Overview | Anthem | Set in: 1964

The Red Army soldiers who bravely fought in the frontlines did not returned as heroes of the **Great Patriotic War** but rather broken men after the victory of **Nazi Germany** over Europe on 1946. The rest of Russia east to the Urals fell to petty fiefdoms until an enigmatic group known as the **"New Bolshevik"** unified much of Siberia. Preaching a synthesis of **Eurasianism** and **communism**; they are determined to liberate the west of Russia and put an end to the **German menace**. *Through any means necessary. This nation will never get content.*
