Another one bites the dust!

Only 4 post-rock bands left. 3 of them have 6 hours worth of songs (But I went through one of their albums on one already), and the last one has...11 hours I think.

I like how she moves to the music. If I performed I'd be one of those types that move to the music, and I've actually probably done something similar as this in my room alone ☐

[Tribes - Whenever](#)

These guys used to be a respectable band.

Your nation is like a son. What it does right is your merit, as well as what it does wrong is your fault. When you praise it, be lucid and avoid exaggeration. Praising it too much can make it indolent. On the other hand, when you criticize it, be harsh, but do not ridicule it. Do your best to improve it, not through derision or disdain, but through good examples and dedication.
