The **Free Port of Cristina** is a sovereign city-state, country and a microstate. The country is a free economic zone where companies are taxed very lightly to encourage economic activity.

Belgium

One of the few nation's with a frightening economy, without a single car. One of the most developed nations, but our government is corrupt as fridge. Tourist hot-spot, but the ruler Vindalbal II refuses to even put basic footwear on. Environmentalist, Nationalist, Vincarcacist, Gladesville. PewDiePie is also a nasty person. Reaches about 0.16695572432 on the Greenness Index.

I generally use NSStats. Except population. It's always 286 million. Saarkon is MT. Sorry for spelling mistakes, English is not my 1st language.

Currently this nation is under construction because I abandoned it for a year. Hopefully I will return to RPing soon.

Have I been here long enough to be considered an NS elder yet or no?
Fairly conservative, Orthodox Catechumen, Tussia does not represent all of my political beliefs.
