Tbf communist parties (or any other political party) abandoning its namesake

in favor of whatever they want to be is completely realistic from a political PoV, and has happened multiple times IRL. It'll be perfect if they specifically clarify that, but I guess that's asking for even more.

Goddamit, now I'd like to see a scenario where the out-of-touch communist central planners has become corrupt and oppressive, and then got challenged by religious populists made up of the working class oppressed by party technocrats.

"I shall return the captivity of My people Israel and they shall build the waste cities and settle... I shall plant them upon their land, and they shall no more be plucked out of their land that I have given them", says GOD, your GOD. (Amos 9:14-15)

About: A cyberpunk, post-apocalyptic, biblical Jewish state that spans the Nile to the Euphrates, acquired through 20 years of cataclysmic bloodshed. A shockingly racist system has evolved among its 429 million Jews and Gentiles and all of Mecca and Medina has been demolished, replaced by suburban housing and speculative real estate developments.

I mean it might just be me but it seems the majority of responses I get in the 'What RL ethnicity is AN likely to be' are almost always East Asian or white lol. Sometimes I get Southeast Asian tho but still.

some people just go off what your nation's like, tbf. i have a vaguely slavic nation so i get russian/eastern european a lot from that thread. the only nation expies this rule doesn't seem to apply to is Germany and Poland expies,

because those countries have far more fanboys from outside their countries than *in* these countries.
