Monkey 5174 was a significant member of a rebellion against a fascist government. They were captured and executed.

People tend to assume that Entrance of the Gladiators by Julius Fučík is what that ever so famous circus clown theme is. And in a way, it is. Nobody would ever argue with you on this fact. However, if you want to be an unlikable, pedantic jerk, the song actually known to be circus music would be a version composed for American woodwind bands (and later transcribed for fairground organs) titled Thunder and Blazes, published by Louis-Philippe Laurendeau. Of course, this information is of absolutely no consequence to anyone.

Monkey 5165 died from the radioactivity that is actually present in normal bananas. (Not enough to kill people, mind you, but 5165 got really unlucky.)

[The Cosmic Mainframe](#)'s original nation, now used for everything related to gameplay and the World Assembly.
Lore TL;DR: Essentially, it's a world union with the government of Switzerland and the economy of Revolutionary Catalonia.

Monkey 5161 attempted to appease Gordon Ramsey with an offering of beef wellington after witnessing Monkey 5162's demise.

Unfortunately, it was RAW.

Jebslund is a nation of kerbals ruled by Emperor Jebediah Kerman. We reject tyranny, believing that rights should be protected, though we also believe said rights end where the rights of others begin. Shockingly, we *do* use NS stats, with the exception of lifespan.

Monkey 5157 tried to do a satanic ritual, and killed monkeys 5156-5151 as a sacrifice. He needed one more, so he killed himself. It didn't work.

Monkey 5156 created fake doubles of himself and monkeys 5154-5151, which is why the ritual didn't work. However, creating these doubles required a live sacrifice, which ended up being monkey 5156.
It's one god damned monkey at a time. Monkey 5155 is up next.
