### Stolen Babies-So Close

This songs so strange. It starts out with this weird like, water dripping electronic sound effect or something, then turns into a dance electronic song, and then turns into metal with screaming vocals.

My song of the week. Been listening to it the whole week. It's in my sig.

A series of strange bipolar phenomena collectively known as adolescence, taking over a nation formerly terrorizing NSG as an awkward and slightly braindead child.

I take that back. There is only 64. It had the Portal 1 soundtrack on it, too, and I just realized it did. Still a lot....

Not as much as Assassins Creed Revelations, though...which has 80. But it is done by many different composers.

A lot of the songs are decently long as well, compared to a lot of Half Life 2's songs on the non-episode part, and Half Life 1, along with various other soundtracks with lots of short songs.

In good Portal 2 style, the names are weird.

God, Spotify really needs to fix the problems they made with making Spotify worse, not better. Like instead of making the Spotify time of showing you how long playlists are better, they completely eliminated it. And recently Spotify has this terrible tendency to do this skipping
