so like this one time mate I'm putting together a flying machine so I can leave this planet and like the hardest part was trying to get all the ducks together to make it work I mean the schematic says that three ducks is enough to leave the planet ay and I found like four ducks mate so I'm like over...

I want to break free

I was basing it mainly off of the original native american myth, which is essentially a human witch who can turn into animals and such. I also had the more popularized version in mind, and I feel like a skinwalker would be very weak defensively, which is why I think it would actually lose.
