I am going to do a semi-reboot for this nation, making a new one that borrows some aesthetics and elements, but is overall different: [Murazgora](#) although the leader is still going to be overall similar, because he's a damn sweetheart

Imperial Aquila, well in the context of worse horrors in the galaxy, I'll say 7/10

I am an internationalist, geolibertarian anarcho-futurist with syncretic egoist and Marxist tendencies. I consider authoritarianism to be intrinsically and irrevocably evil regardless of the authoritarians' intentions or economic inclinations. I do not recognize any law, government, border, or claim to private property.

I don't believe in kink-shaming unless your kink is submitting to the state.
