Secret Chiefs 3 (Or Ishraqiyun if you go off of the sub band name)-
The 15

First 2014 album I've listened to in a while.

A lot of the stuff on this album, just like with Secret Chief's 3's last album last year, I already know from live stuff. This one is full of a lot of stuff that they've played live but never in studio form, and the previous one had a lot of stuff that was different versions of stuff from other albums.
