They try to get the right ending, but they cause the "this isn't the end ending" and goes to figure Out the prophecy

Ashotu user goes to planet zlurp, to get the 2nd power crystal, and when he has it, he will have half of the crystals

Anyways if you use only one power crystal it breaks and goes to its original location.

Ashotu used the first power crystal to go to planet zlurp, so it breaks and respawns in its original location.

Oracle: There are 4 in zlurp's universe, but you need all $1.007 \cdot 10^{80}$ in order to access Stanley's universe.

In the cavern, Erin, Dread and Stanley encounter a bunch of corrupted ghosts. Jake and the other ghost in the party are able to restore them to normalcy.

All NS Stats are canon.

hit you. I know you can do it Stanley! I believe in you.
