Well yeah but there is more to it

1. Everyone involved consents to it
2. Some would claim that it is cheating. That would not be true as with every participant consenting, it is not cheating
3. Polyamory can make people more happy as a person will have emotional support and love readily available! :)

I do respect you for not naming your nation "Stella Nera 2" or something like that, but instead creating a whole new lore.
