Politically, Shuraya is split into eight different factions. The libertarian right Capitalist Front, the center-left Moderates, the market socialist People's Faction, the conservative religious and pro-isolation Sage Faction, the socialist Syndicalist Faction, the protectionist Turquoise Faction, the authoritarian and nationalist Reclamationists, and the Christian socialist Nazareth faction. The leader of the Capitalist Front, Arotex Ruhiiv Xesiniik Ibranum, currently serves as Shuraya's High Doge, and his faction has exerted a great degree of influence on government policy, the economy, and political discourse.

Cayenne has a bicameral legislature, the lower being elected and the upper are the Council of Ministers, who (by the name, and by their subservience to the Triumvirs) seem to be a dual legislative / executive body. Cayenne governance also seems to be at least quasi-decentralised, with regional parliaments being given the power to handle legislation and non-administrative matters.

Also, it has territory in Antarctica. Hope that global warming doesn't hit it too hard.

The Father of Africa, also known as Pierre-Édouard M'bassou, was born 30<sup>th</sup> June, 1912 making him 107 years old today. A few information of him however is missing or has not been released by the government to the public, such things include, but are not limited to: his parents, education, and net worth (it's a lot isn't it?).
