An up and coming anime about a guy who is transitioning, and has a diverse cast of those who support him, those who are against him, and those in the middle. A very nice anime overall with a lot of character development, lasts for a few seasons enough to entertain and not to overstay.

Stats don't necessarily reflect real views, just messing around with those

Factbooks and dispatches (which are works in progress) are the primary source of information for my nation. I try to have my stats match my idea of my nation but I think policies are the stat I can control the most.

I don't dislike anyone here. Agree or disagree, we're all compadres. :-)

Yes, that's true. When I registered my NS account, I found that there was already a nation called "Teutonic Order", and they have use a German flag. So

I tried it in Latin - and the full name of my nation had become "The State of Ordo Theutonicorum", a weird mixture.
