Ramshackle Glory-Live The Dream.

I'm loving this album, because I had a nervous breakdown earlier and this is helping me feel better.

Kid Rock - *Cowboy*

It seems as if my tablet has decided now is a good time to die, and it is now 1:35 in the morning, so I must be going for the night (or is it morning?).

It was fun talking music with you good sir. Hopefully we cross paths again on this thread.

On earlier subjects, there are actual "Christian bands" that have come out and admitted that they aren't actually Christian, and were just using the Christian image to get popular. Because apparently that gets you popular for some reason.

Also, on the subject of song titles: "And by Our Own Hand Did Every Last Bird Lie Silent in Their Puddles, The Air Barren of Song as the Clouds Drifted Away. For Killing Their Greatest Enemy, The Locusts Noisily Thanked Us and Turned Their Jaws Toward Our Crops, Swallowing Our Greed Whole"

Old school Sigur Ros, back when they were rather...low quality recording wise.

Fad Gadget - *Back To Nature*

“ **CVT Temp wrote:**

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

They've had a special place with me for a while now. They actually are a big part of what started me into true music exploration beyond stuff my dad showed me here and there, and me listening to things he listened to (Which are all pretty obscure). Strange how a band like Sigur Ros eventually led me to stuff like death metal, which I despised always before. Hell, I barely tolerated metal, despite liking metal that my dad liked.
