Whatever it is, it's either as crooked as a carnival game or the people in charge are sniffing copious amounts of cocaine.

A large representative democracy.

Ngotintu is a nation in the African Great Lakes region sandwiched between Malawi, Mozambique, Zambia, and Tanzania. It suffered extensively from British colonialization and exploitation, and is now ruled by a dictatorship with an iron clenck on the entire nation.

Absolute Monarchy...I guess?

We are the Ancient Macedonian Empire. Ruled by Alexander the Great, we have become the largest empire of the known world, our armies hold high prestige, such prestige that will never be lost to history. As a historical nation, we do not use NS-Stats as we aim to be historically accurate, even if we use a little bit of alternate history.

Something oligarchic. Like it has some sort of secretive council ruling everything.

In canon with [Old Varegia](#) and [Ephera](#).
Curious about something? Read my factbook, or ask me about it.
Disclaimer: Gostmark isn't really racist toward any human ethnic groups per se, but rather focused on hating non-humans, which exist in this world.
We use a different calendar! The current year (equivalent to 2019) is 1513.

Technocratic Corporate State.

Partially inspired by the Third Odyssey mod for EU4, this nation is essentially a Byzantine successor state in South America that has fused together Ancient Greek Religion with Greek Orthodox Christianity. It mixes the aesthetic of Byzantium and Ancient Greece, with very open and liberal social values but with an Imperial Monarchy. NS stats are referenced but are not strictly followed to a T.
