This is the first time I've ever seen them, and they've got one single post - unheard of.

Aenglide - I personally have not seen them much, but I would assume they are fairly well known by now having been around for nearly 3 years.

Given that they've been on the site since very near the beginning, I think it would be fair to say that they're extremely well known.

If you're a seasoned regular on F7 you should know Azania, or at least have seen them. I'd say quite well known

Well known, seen them quite a bit in F7.

Possibly also barely known in YT, though the subs are most likely from friends and maybe other NS users.

All NS Stats are canon.

Oh, and I guess you can make up anything else about this nation, like geography and such, based on your own imagination. I don't really plan on writing lore on this nation, at least for now.

I've definitely seen them around F7 frequently. So yes.

They have several thousand posts overall, so you would have had to try to avoid knowing this user in the last year or so. Very well known.

Very well known, but not quite ubiquitous

I'd say this nation is about 85-90% representative to my beliefs. About the only difference between my nation and beliefs is that free markets are effective in a select few situations, and the compulsory organ harvesting is kind of screwed up
