Harry Potter coming back from the dead

Don't use NS stats except for changes in economics, political freedoms, or civil rights which may eventually make their way into written canon if I get tired of worldbuilding.

A (very) cold breeze

This country does not follow my beliefs, but rather something I would find interesting.

Political Compass: -5.75, -4.87

Prorescia is a tourist friendly nation that has some of the most beautiful forests in the world. It controls a small part of current day Brazil about the size of French Guiana and is largely rural because of that with only 3 major cities, Santo Tablo, Pacifil, and Consanto Praia. The Government is Democratic and led by a Council who make most decisions. However, 5 democratically elected

representatives can at any time call for a lack of faith vote which would impeach a current council member. The lack of faith vote is voted on by the populace which number in the thousands.
