"A shapeshifter? That's pretty cool. Though, it seems like he uses those powers more for mischief than for anything productive. I guess that is just a nature of shapeshifting powers, though. Anyways, I find him lacking in leadership qualities. He's the leader of a country, but his only background is being on the board of an insurance company. That... doesn't sound particularly amazing."

"She's a naive figurehead, and treating her as anything but is disrespectful to the few genuinely good leaders out there. The first is her and her equally idiotic sister thinking they can reform the Nazi Party! The Nazis! The only good Nazi is one who's twelve feet shorter than me. What makes them both think the German people *want* them? They voted for Hitler, they voted for mass murder. Did these twins stop the Holocaust? Did they show any respect whatsoever to the Slavs, the Jews, and the LGBT+ community? The fact they pretend to be innocent makes me furious. They fought for a regime built on genocide! Are they aware of the atrocities they fought for, or are they just ignorant? In either case, there can be no punishment harsh enough for them."

Granted, such a disaster your world suffered may call for good men like you to rebuild from the ashes, so maybe it was the will of the fates that put you where you are. Ahhh, but I have rambled for too

long, no? I like you, Tyrant of the Valentinians. Your heart's in the right place, and that's all I can ask of someone."

"For all the differences between our countries, I think as leaders, Lycophon and I share a surprising amount of common ground. I like how he strives to be a unifier, and chooses careful reform over radical changes in course. And this whole deal with hosting huge festivals and celebrations sounds exactly like my cup of tea. Overall, he strikes me as a very pleasant fellow." - Cam.

"I expected him to be more eccentric. I'm not always correct, clearly. I think he is one of the best leaders that his country could ask for in their time of peace. He wants to make his government more accountable to the will of the people. I respect that. He has more to do before he as a person earns my respect... but, he's made a good start. Although, I doubt he cares for my respect, of all people's."

My lovely friend, how have you been? [She lies on her front and looks at Amaki with glee] Hmm, hm-hm, hello there, it's me, Anna! I am the Personification and Happiness of Valentine Z! People always have this misconception that if I die, the happiness of the entire universe dies! Well, not really... I mean, it does get less happy, but I trust and I know that people can find their little solaces even without me. The world is not always the doom and gloom, and you're an example that proves this! I really do love your growing attitude, along with your extremely nice daughter. I'm sure she will follow your footsteps very well! I wish you and your daughter all the best, and to the rest of the people around you! Happiness comes to those who are nice, after all. ^^

"Another Valentian that I have not yet given an opinion of. probably still quite a few more that I haven't covered either, but I aim to do so eventually... as for anna herself, its interesting to know that she is a manifestation of light (or at least so their tests say). I'm surprised at how destructive she can be as well, considering that she is meant to be the happy cheerful care-free type, though considering how things were at the time, perhaps it was for the best. I know quite a few other places that could do with a hard reset for the sake of their own people, but I wont get into that. that height is also very impressive, not because of the sheer size, but every digit of it is 5. but then I see her combat info which some of them are also nothing but 5s (I wonder if there's any reasoning behind it)... overall, I feel positive toward her.

(Oh hey that's me)

"Sera is a vary kind soul, as a lowbloodian of past times the dreconic kind use to roam these lands so I half expected her to act like they did in the past.

But I seem to be flat out wrong to assume this, while im sure the culture if drastically different its rather a pleasant surprise.
And a rather curious not I find myself pondering who I remind her of, but it seems to be someone she holds dear, perhaps that's why I see her in such kind light, but Im sure it isnt just that, as I've seen her interact with others. I have a rather positive view of her."-Luden
