Michael Jackson - Smooth Criminal
From *Bad* (1987)

Annie, are you ok?
So, Annie are you ok
Are you ok, Annie
Annie, are you ok?
So, Annie are you ok
Are you ok, Annie
Annie, are you ok?
So, Annie are you ok?
Are you ok, Annie?
Annie, are you ok?
So, Annie are you ok, are you ok Annie?

(Annie are you ok?)
(Will you tell us that you're ok?)
(There's a sign in the window)
(That he struck you - a crescendo Annie)
(He came into your apartment)
(He left the bloodstains on the carpet)
(Then you ran into the bedroom)
(You were struck down)
(It was your doom)

Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.

Billy Joel - And So It Goes
[Live performance, March 14, 2014](#)

And every time I've held a rose
It seems I only felt the thorns
And so it goes, and so it goes
And so will you soon I suppose

*But if my silence made you leave
Then that would be my worst mistake
So I will share this room with you
And you can have this heart to break*

Asphyx - Vespa Cabro

*Let us observe this common man
In his beloved shed
Yet free of all suffering
And his forthcoming death
Annihilate one of their sort
Fatal the consequence
Pheromone raises the alarm
Triggering the defense*

Billy Joel - You're Only Human (Second Wind)
From *Greatest Hits Volume I & Volume II* (1985)

*Don't forget your second wind
Sooner or later you'll get your second wind
It's not always easy to be living in this world of pain
You're gonna be crashing into stone walls again and again
It's alright, it's alright*

*Though you feel your heart break
You're only human, your gonna have to deal with heartache
Just like a boxer in a title fight
You got to walk in that ring all alone
You're not the only one who's made mistakes
But they're the only things that you can truly call your own*

Billy Joel - Allentown
From *The Nylon Curtain* (1982)

*Every child had a pretty good shot
To get at least as far as their old man got
But something happened on the way to that place
They threw an American flag in our face*

*Well I'm living here in Allentown
And it's hard to keep a good man down
But I won't be getting up today*

*And it's getting very hard to stay
And we're living here in Allentown*

Billy Joel - Where's the Orchestra?
From *The Nylon Curtain* (1982)

*Where's the orchestra?
After all
This is my big night on the town
My introduction to the theatre crowd
I assumed that the show would have a song
So I was wrong
At least I understand
All the innuendo and the irony
And I appreciate
The roles the actors played
The point the author made
And after the closing lines
And after the curtain calls
The curtain falls
On empty chairs
Where's the orchestra?*

Elton John - Empty Garden (Hey Hey Johnny)
From *Jump Up!* (1982)

*And what's it for
This little empty garden by the brownstone door
And in the cracks along the sidewalk nothing grows no more
Who lived here
He must have been a gardener that cared a lot
Who weeded out the tears and grew a good crop
And we are so amazed we're crippled and we're dazed
A gardener like that one no one can replace*

Le Temps de L'Amour - Françoise Hardy

*C'est le temps de l'amour,
le temps des copains et de l'aventure.
Quand le temps va et vient,
on ne pense a rien malgre ses blessures...*

*...On se dit qu' a vingt ans on est le roi du monde,
et qu' eternellement il y aura dans nos yeux
tout le ciel bleu.*

Motörhead - *Jailbait*

CVT Temp wrote:

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
