You see them on weekends prowling F7 threads. Haven't seen them in General much. Kind of well-known, if you're a daily user.

A common sight on F7, unfortunately since most NS users are braindead when it comes to imagination. Aquaria is mostly known to them as just 'french' commie Japan.

Not much. They do have an unique flag and name going, but other than that... Eh. I still think they have to be a puppet of an older player or a nation.

(What is coming from come? Its come? Or was that pot kettle black?)
