Maybe.

The **North Sea Realm**, colloquially known as **Northaria**, established 1421 A.D. A British-Nordic nation with strong democratic traditions and an elective monarchy. We use NS stats, with the exception of tax rates and the related stats. The Northarian population is an estimated 75.7 million. Member and leader of the **Oceanic Treaty Association** and the **Arctic Council**, current president of the **Western European Union**. I reject anything and everything political that I posted on here prior to 2019. She/her, please.

No way, the weather conditions would prove very hazardous especially in the winter and by latitude meaning less daylight.

A Pan-Asian survivalist nation who doesn't need international help when disaster strikes, and is only one nation away before total reunification of the continent.

Latest Ticks: G32 is renamed to G51 after western Asia falls into anarchy. The Academy is attempting to figure out a way of getting Japan into the Rebelian side.
