What AN's banner tells me? They already have built more than one international  
space station, and are pretty well versed in space. Or maybe they are building  
an army there, in preparation of taking out em' aliens?

(Funnily enough, only Kaedjork got relatively close to what I intended with my  
banner.)

Hi, it's been a while. If you're seeing this then it means what I'm working on is not quite done yet. You can still read my old stuff but it's probably not canon anymore. I'll try to get something up soon. It may or may not involve wizards.

AN has a thriving aircraft industry, producing some of the world's best airplanes for commercial and civilian use. As well as aircraft, the nation also has advanced holographic technology. It is able to project copies of their aircraft onto the night sky to advertise.. either that or they're a narco-state based off LSD.

I still don't know why people always assume the Royal Sanctum (the building pictured) is underwater simply because of the blue lighting.
