Seen once or twice, but not too often. They might just be on different forums or topics. Thus, not very well known.

Haven't seen them, but probably just because I'm an F7er while the AN seems to be more of a roleplayer. I'd bet they're pretty well-known there given their post count.

In general, I've noticed that it's just the same small handful of people replying

on that thread. 9 times out of 10, whenever I see a new reply there, it's someone I've replied to on that thread before. Odd.
