EastKekistan due to the following reasons:

- The name itself is stupid and reeks of alt-right, "libertarian" retardation
- Racial supremacists aren't the best kinds of people, and are more often than not mere xenophobic thugs, especially white supremacists
- Its genocidal and imperialist policies go against my code of ethics and I cannot bring myself to in anyway condone such a regime, even indirectly
- Its too futuristic for my tastes

Yeah. Seems like a pretty good locale.

What happens when you cross anime powers and overpowered leaders with furies, all written by a bored Homestuck fan with too much time? Well, you get Rumei. A multiethnic, FT republic with both might and magic that let it conquer the entire Orion Arm.

A 7.6 (this is probably outdated but I can't do the calculations rn) (Tier 9, Level 6, Type 9) according to [this index](#).  
Come to The Orion, we got [CULTURE](#) and [FURRIES](#)

Show Recommendation: Cobra Kai. It is very, very good.  
IC Name: Roman Republic, or simply Rome (Rumei). Occasionally called the Ignisian Republic. Current year is 2697.

Doesn't seem too far off where I live in real life, from what I could tell. So yeah, probably.

Please don't use NationStates stats to evaluate my nation! They're a bunch of malarkey anyway.
