Monkey 5032? What Monkey 5032? How could someone who doesn't exist attempt to kill Dear Leader? What, you never said anything about him attempting to kill Dear Leader? Well I guess you have to "un-exist" too.

That is a good one

Monkey 5031 tried to sleep in a nice giant nest in the trees. At least, until the Thunderbird that owned it came back.

Monkey 5030 was so fascinated watching Thunderbird 2 land vertically that he forgot to get out of the way and was burned to death by the jets.

Monkey 5026 read too many Namia books and took a swan dive into its wardrobe... shockingly, it worked.

Said monkey collided face-first into monkey 5029/7 with sufficient force to snap both their necks.

another dimension

That should have been 5027. We're counting down.

I could skip, but that's no fun.

Monkey 5025 tried to scare a bunch of pigeons, but he accidentally discovered that they were government robots, and they were summarily forced to drop 5025 off a cliff to protect their secret.

Monkey 5022 wandered too far into the woods and found a house made of gingerbread. When the little old lady with the pointy hat took him in and fattened him up, he wasn't suspicious at all.

Monkey 5019 attempted to play "Through the Fire and the Flames" on a ukelele. The resulting explosion vaporized everything within a mile of him, including him. The ukulele, thankfully, was undamaged.

Monkey 5010 also accompanied 5012 on the invasion of Russia. He tried to save 5012 from death by exhaustion, but when he found out about their opinions on the TikTok incident, he shot 5012 and then himself.
