They have the ability to grow crops that would naturally not grow anywhere near one another due to their "varied landforms" and such.

No, this nation and its flag is *NOT* based off Minecraft, Terraria, or anything of the sort. I made the flag using an app on my phone (...and ran out of space). Please stop making relations to such, as it has become highly irritating to be compared to such. The art is of my own creation, and of my own ideas, not from a pre-existing game. Thank you.

The Inking-Peruvian war was more costly for the Inking Confederacy in terms of lives lost than for Peru; the Inking Confederacy nevertheless pulled a victory.

The Peronist Argentine army consists of some 229 thousand active duty members and another 80 thousand in reserve. It is considered to be exceptionally strong and versatile for its small manpower.

Overall their history is blood filled and they wander.

Everyone always uses the black market factbook...

Before ya'll talk about the horses:
