For oddball reasons, they make a point to recognize unrecognized states such as Somaliland and Transnistria.

The capital of the SUSR is in Moscow, heart of the old Soviet Union. However, the SUSR itself was founded by China and Wawakanatote. On paper, it is not a nation but rather an intergovernmental alliance of states, however it is simultaneously a supranational union and a centralized one party state.

Most of the history of the state is based on wars, fought in Philippines. But the history of the state is also remarkably well when describing international happenings.
