All railway lines are owned by the state. Thus, the railway lines or services will be taken. The "owner" will be given 4 to 20 years hard labor to compensate it. Depending on how long, or how big is this railway operation

It can lead to being kicked out of said office.

A Karen comes to a bakery and orders strawberry cake. Baker tells her, that they are sold. She then gets pissed off and demands, that he calls a manager, and before this baker could react, she takes a heavy chocolate cake from the stand and throws it at baker.

Sky Reavers are retconned Skyhooked. A bunch of crazy, wild everpartying semi-anarchists, who are resistant to cold, heat and diseases, can process booze like hell. MT/PMT tech. Wanna know more or have a request? It's here: <https://forum.nationstates.net/viewtopic.php?f=23&t=505973>

Remember, the fact, that we are semi-anarchy doesn't mena, that ya' can go around and rob random people. We still got law and order, loose as they are.

Given such things don't exist... But seeking the equivalent, which would be a heist against the treasury or a large bank... Simple. Removal of the left kidney, one eyeball, and depending on fatalities various amounts of blood and/or mass from the liver.

Or just straight-up organ harvesting if the stolen finances are high enough.

Now, what about stealing classified documents?

There are no COVID bonuses in Laka (because of the people here viewing it this way: one fails to protect themselves from the disease, thus wasting public resources and money as well as endangering those around themselves. If you mean his policing tactics, generally unpunished although racist comments would lead to dismissal and non-consensual voyeurism would lead to imprisonment.

Bank robberies face the same end result regardless of the gender of the person shot and their role in society...

Removal of a few fingers, with optional military service under watch with the removal of one eye as well. If the service is refused, they may be subject to a death game instead where their freedom may be won, but their citizenship will be revoked regardless, banning them from Gonswanza.
