Sadist - *Dodgy Fuckin' Cow*

Funny how people claiming they're the only ones listening to 'real' music, which is apparently something to be proud of, usually have a very generic taste.

CVT Temp wrote:

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

This reminds me, I need to get into more of his stuff

I grew up on Faith No More, Fantomas, Tomahawk, Mr. Bungle, some Peeping Tom, and so on with a bunch of other stuff.

Yes, my parents got me into Mike Patton at an early age.

I suspect this song would be better if I could understand it. It sounds cool, and the very concept of *Greenlandic hip-hop* is amusing in its own right.
