Kreator - Hordes of Chaos

*Violent chaos haunting me  
Mirror of countless human tragedies  
Times of horror, constant lies  
Totalitarians autocracy's demise  
Fake peace a necrologue for the elite  
Brutality among the weak  
While children die for armageddon victory's breed  
This necrologue for the elite  
Like raging beasts among the sheep  
While flags are waving everywhere  
They scream*

*Hordes of chaos*

Billy Joel - The Downeaster 'Alexa'  
[Live performance, March 9, 2015](#)

*We took on diesel back in Montauk yesterday  
And left this morning from the bell in Gardiner's Bay  
Like all the locals here I've had to sell my home  
Too proud to leave I've worked my fingers to the bone*

*So I could own my Downeaster 'Alexa'  
And I go where the ocean is deep  
There are giants out there in the canyons  
And a good captain can't fall asleep*

*Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.*

One Direction - One Thing  
From *Up All Night* (2011)

*Something's gotta give now  
'Cause I'm dying just to make you see  
That I need you here with me now  
'Cause you've got that one thing*

*So get out, get out, get out of my head  
And fall into my arms instead  
I don't, I don't, don't know what it is  
But I need that one thing

5 Seconds of Summer - Jet Black Heart  
From the upcoming *Sounds Good Feels Good* (2015)

*Everybody's got their demons  
Even wide awake or dreaming  
I'm the one who ends up leaving  
Make it okay  
See a war I wanna fight it  
See a match I wanna strike it  
Every fire I've ignited  
Fade into grey  
But now that I'm broken  
Now that you know it  
Caught up in a moment  
Can you see inside?*

*Cause I've got a jet black heart  
And there's a hurricane underneath it  
Trying to keep us apart  
I write with a poison pen  
But these chemicals moving between us  
Are the reason to start again*

U2 - Sleep Like a Baby Tonight  
From *Songs of Innocence* (2014)

*You're gonna sleep like a baby tonight  
In your dreams everything is alright  
Tomorrow dawns like a suicide  
But you're gonna sleep like a baby tonight*

*Sleep like a baby tonight  
Like a bird, your dreams will take flight  
Like St. Francis covered in light  
You're gonna sleep like a baby tonight*

Green Day - Macy's Day Parade  
From *Warning* (2000)

*What's the consolation prize?  
Economy sized dreams of hope  
Give me something that I need  
Satisfaction guaranteed*

*'Cause I'm thinking about a brand new hope  
The one I've never known and where it goes  
And I'm thinking about the only road  
The one I've never known and where it goes*

Beherit - *Dawn Of Satan's Millennium*

“ CVT Temp wrote:

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
