☐ That is one of the greatest metal albums of all time. Every song on it is amazing.

Just finished listening to the album. I absolutely loved every song on it and I will definitely be getting my friend to listen to it. ☐

Thanks for the recommendation of sorts!

I couldn't name my favorite from the album because I normally listen to the whole thing in one go, and the tracks end up blending together for that reason. Phenomenal as a whole, though.

Primordial - The Soul Must Sleep

Holy fucking shit, this song is amazing. I haven't been this profoundly affected by a new song in quite some time. This is my first listen and I already know this will be one of my favorite songs of all time. It's like the anthem of my life.

I wish I got into Primordial more than I do. Though after I got used to the vocals, I was definitely digging the one album you suggested to me more than I had anticipated I would. Was just harder for me to get into enough to listen to it in full.

Led Zeppelin-Kashmir

Forgot how much I like this song.

That's my favorite Led Zeppelin song.

Primordial - To Enter Pagan

Spirit The Earth Aflame is the only Primordial album not on Spotify, which is why it was their only album I hadn't listened to yet. I wish I had sooner, I can already tell it will be in my Top 2 by them.
