Red Lake does not necessarily represent my personal views. I promise I'll make a tech factbook eventually. NS stats didn't respect the wildlife and got mauled. Language is Gothic.

If anything, it'd be shorter than that lol

New cliché:

Storefronts that are over-specialized in a certain market.

We got defense companies, we got people who sell trains, people who sell cars, people who sell aircraft, people who sell drugs, people who sell raw resources and people who sell food.

And there's barely any general export storefronts that try to touch base on multiple markets.

A bit narrow, no?

I feel like having a store that sells tanks and guns offer food and drugs would be a little strange.

I would if Colt had diversified and got its fingers in the Fast Food Industry pie, idk.

I'm honestly surprised no one has made a MT Liberalwank nation starterpack yet

MT liberalwank nation starterpack:

- tricolor flag or cross w/ a defacement
- 6 parties: nazi, hardcore conservative, conservative, liberal, social democratic, communist. no more, no less
- overly detailed military
- part of NATO, EU, or IC equivalent(s)
- nuclear weapons
- surface-level analysis
- doesn't use NS stats

- Tricolor flag: Nope, I got a pretty unique flag
- 6 parties: Also nope, Thermodolia has a whopping 16 different political parties in the Federal Parliament and that's not counting the other 16+ not elected parties.
- Military: partly true, it's mostly just a equipment/ship list
- NATO/EU/IC: Ya Thermodolia does belong to its own NATO type organization the TSTO. Also other IC organizations
- Nukes: Yes, lots of them
- Surface-Level Analysis: Definitely not, I have a butt load of detail on many aspects
- NS Stats bad: Yes

Hah. You think that's bad I've wasted years on NS just posting

72,491 Including all posts

Since I created the nation in late 2011 I'd have to post roughly 18.5 times a day to reach the number I'm at.

I'm a pretty new nation and had an 8-month hiatus so my post count isn't really proportional to how much I really post a day; looking at Search user's posts, I made 103 (most of them in F7) yesterday.
