during a visit to John Tanner's bedside

"Well, from what all ah've been told, he's might fine officer, though a bit reckless. Overall ah think he is a man that seeks to do the right thing an' has keen deduction an' reasonin' skills. However, it's a shame this is the state ah wind up meeting him in. Peculiar his every correspondence makes it seem he seem he is among the wakin', but here he is with all'n these tubes in him in this here hospital bed. Now, it does seem one of mah guards is pointin' out to me she is pickin' up a scant trace of psionic energy, likin' his brain is on overdrive, formin' a whole universe inside his mind, which might explain why he can share all his experiences with us."

Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

“Hm...I've said all I need to about dear Mercer, but I feel as if I should repay him for all he's done for me. He knows gunplay, but to teach him swordsmanship would make him very strong indeed. Stronger than any other Aquarian if I let Strein do the education. But I digress. Assessment. Very, very- positive.”

What happens when you cross anime powers and overpowered leaders with furrries, all written by a bored Homestuck fan with too much time? Well, you get Rumei. A multiethnic, FT republic with both might and magic that let it conquer the entire Orion Arm.

A 7.6 (this is probably outdated but I can't do the calculations rn) (Tier 9, Level 6, Type 9) according to [this index](#).
Come to The Orion, we got [CULTURE](#) and [FURRIES](#)

Show Recommendation: Cobra Kai. It is very, very good.
IC Name: Roman Republic, or simply Rome (Rumei). Occasionally called the Ignisian Republic. Current year is 2697.

"Teaching Macer how to use a blade is a futile attempt. Though I might actually have respected him more if he would have honorably tried to take our nation.

But you got spunk kid, you interest me. Not because you are the lover of an enemy, but because you challenged me.
You have alot of pride with you. And you haven't even invaded.
You have some sense of honor, and I respect that. But with that respect dont think I'm your friend or anything."-The first king

Not having much distaste for us and having a friendship with the leaders. I know not how he feels for me but he was disheartened to hear Of Oni's fall, he's a fine fellow in my book"-The first king

"Yes us Lowbloodians do hold honor and respect high in battle. We've all been through rough times, and we respect those that relate to us because they've felt similarities to how we felt. Strengthening the bonds of companionship.

SOUTH REINKALISTAN COMMISSARIAT OF THE EXTERIOR

**REMAIN VIGILANT. BE STALWART.
STAND STRONG.**

"This man is a capitalistic abomination, worthy only of loathing and hatred. Men like this disgust me to my very core. He may have been born from the working class and from humble beginnings, but he has now betrayed his people, the workers; he has risen to fame, and done naught but be a bloated and money-hungry pig. It's very telling that a man like this can not only reach economic heights in Stanier, but also political heights. His fame is built on lies and deceit, his capital wrung out of the sweat of those he has trodden on. It is despicable, and it is wrong. However, it is good to see that Tosdodd's wrath has been wrought upon this unjust individual. His hedonism, his flaunting of wealth in the name of godless consumption of alcohol - this has all lead to his inevitable downfall. His polygamous relationships have also seen the poetic hammer of justice be struck onto his being and soul. If he would rather die than marry and be faithful, then as far as I'm concerned the farmer should be achieved easily, no? Strychnine or Cyanide? Regardless, I doubt that this foolish man is worth our efforts. Let his marketeering mannerisms drive him to the grave, alongside the corrupt and decadent republic he resides in."

- Supreme Leader Mozhkin Turaniski of South Reinkalistan

THE PEOPLE □ ETERNAL

" We will not bow to your dictation. We are free. We bled to be free. Who are you to tell us what we may and may not do? **We stopped being your slaves an era ago.** "

South Reinkalistan is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move. As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.

“

Markus is a well-rounded leader, prioritizing his people before the scum of the world outside his borders. if you want to save the world of the filth that infects, you must purge the filth that rests within your own backyard which certain leaders seem to fail to recognize and lead to more pile of unneeded trash in our dirty world. Otherwise, my only grievance is his equal pay act, if women want equal pay, they must work as hard as the males and not the state take legislative action to ensure they get the pay they desire. Overall my assessment is slightly positive.

Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

He denounces communism and all of its benefits and tries to apply equality and pacifism to an anti-equality and genocidal ideology makes me, and likeminded socialists, loathe him intensely.”
