Monkey 1468 repeatedly pressed the "+ Age" button in BitLife without doing anything until he died

Lescaaris, a progressive democratic-diarchic merchant republic in the near-future "post-post-apocalyptic" America, where society is rebuilt and new nation-states have been created while the United States government is nowhere to be found (I doubt the setting is really important and relevant though). Famous for European architecture, EDM, nightclubs, civil liberties, job opportunities, and trade fairs.

(To get a general theme-idea, Lescaarch culture is a combination of Dutch, Italian, Belgian, Monégasque, and French cultures.)

[Let's normalize EDM and pop music anthems!](#)

Monkey #1466 ate a dozen packs of silica gels.

A federal left-wing nationalist country situated in a fictional World in the Extended Cold War timeline. Authoritarian by Western standards, Libertarian by Eastern standards. Atomic Tech - The year is 1978.

In process of retconning, especially regarding geography and demographics.

Monkey 1465 poked the desiccated corpse of Monkey 1466 with a stick. Suddenly, police burst into the room, guns drawn, and yelled, "Drop the gun! Drop the Gun!"

Monkey 1465 protested, "But it's just a stick...."

Thirty-seven shots rang out. Monkey 1465 was hit twice. Neither wound was life-threatening but an officer kneeled on Monkey 1465's throat for 9 and 1/2 minutes before the ambulance came and he suffocated to death.

Don't assume we're Communists

Monkey 1462 tried to use necromancy to bring 100 dead monkeys back to life, only for their souls to drag 1462 down into the shadow realm.

Godulan Puppet #2, RPing as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

Used NS stats: Population. That's it. Anything else not stated in the factbooks is not used.

A monkey named one-four-five-oh,
Went outside to play in the snow.
Along came a blizzard
That thoroughly frizzured
Poor monkey one four-five-zee-row.
