Their interior designs are cold and sterile.

A Germano-Polynesian nation located on a paradisiac South Sea archipelago and founded on Enlightenment ideals, the Free State of Aision of Aision is a cosmopolitan bastion of liberty and rationalism, notable for its devotion to science, utopian green architecture and costumed superheroes.

They like war. A lot.

No, this nation and its flag is *NOT* based off Minecraft, Terraria, or anything of the sort. I made the flag using an app on my phone (...and ran out of space). Please stop making relations to such, as it has become highly irritating to be compared to such. The art is of my own creation, and of my own ideas, not from a pre-existing game. Thank you.

Welcome to The Alpes a Septentrionali Imperium, a nation where I brutalize and adapt Latin and French History to my needs to get my Ultraroyalist Absolutist French Monarchy with a vaguely French-sounding fictional royal family to work.

Don't ask about the flag, it has something to do with RMB RP that I'm involved with.

the c o l d continent

2289 A.D.

In the early 21st century Siberia was struck by a massive asteroid that brought untold devastation and the collapse of almost every government. An alien virus, capable of mutating its victims, was brought to Earth as well. Eastern Europe, Siberia, China and countless other regions fell to the mutant horde. Europe became a medieval landscape ruled by feudal lords. The Middle East unified into a single Sultanate over time and entered a golden age wherein they have learned to co-exist with mutants. The Americas, which have lost contact with the old world, have turned into a Mad Max hellhole.

The time has come to make yet another nation. You'll probably recognize me.
