I've seen them but they're probably just a little known.

Never seen nor heard of 'em. Generic German Empire no. 293937749, not very memorable. Probably not very well known.

I don't remember having seen them before, but I haven't been on forums for a little while, so it's hard to say. It seems like they have made a decent number of forum posts, so I'd say that they are known enough.
