Nirvana - "Happy Hour"

They have so many great unreleased songs that I never knew about until now.

Yeah, and a lot of their unreleased songs were the ones Kurt liked the most. Apparently their song "Sappy", which was only released on their 20th anniversary In Utero release, was one of Kurt's favorite songs that they had written.

Happy Hour is actually an alternate version of Sappy. But yeah, it's a great song. If you compiled all of Nirvana's awesome unreleased material, you could make another album or two.
