great track

Hanging Around, The Strangers.

so good

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

Really loving this one, it's melancholic yet sorta sinister.

Who is in control of those in control?

[Why does Ben Lee \(who I assume is the linoleum faced 'wipe-clean-look' profile in the bottom right-hand corner\) look like Rene Auberjonois? Why would Odo be hanging around a rubbish looking holo-world full of quidditch goals that vaguely resembles rejected Final Fantasy 13 concept art? And what happened in order for him to want to breath tornados? And how?!... It would take a vaster intellect than mine in order to answer those questions.](#)

For the last hour, I haven't really listened to anything, because I haven't been home for an hour yet ☐

Though, I was listening to Secret Chiefs 3 in the car.

Edit: Things appear to be rattling in my room with this song. God I love nice speakers....
