Avrram does not use any fiat currency, but rather, has a communist-esque resource-based economy, which is focused on satisfying the material needs of all of its citizens. However, the country frowns upon communism itself.

Srovsk strongly resemble our world's Russia, even in the geography aspect. Srovsk is, presumably, the biggest nation in the Surrean continent. The Srovskian population is notably religious, with 85% of the population being religious.

While Avrram uses 'Foreign Credits' for trading with other nations, it has no currency system in and of itself, which hints that they still use bartering as their primary model of economy.

(Avrram! You should return RPinG to the UoJ tbh, I was that person named Neo Caracas. It was a blast having you there tbh 🤔)

Neptolemus, Avrram's leader, shot himself in the head, after a strain of childhood issues finally broke him. (Damn, I don't remember hearing this way back in the IAS. Very dark tbh)

AN: The North German Confederation is part of a sociopolitical group known as the "Great Powers". Other nations of this group include Britain and the United States.
