Monkey 2224 shot Monkey 2225 for identity theft, then was promptly executed after a kangaroo court where the jurors were actual kangaroos.

Jebslund is a nation of kerbals ruled by Emperor Jebediah Kerman. We reject tyranny, believing that rights should be protected, though we also believe said rights end where the rights of others begin.
Shockingly, we *do* use NS stats, with the exception of lifespan.

They then directed the train into an active volcano.

Monkey 2205 was a worker on the train. He barely made it out alive... but was subsequently hit by a crashing plane.
