Charles restarts the game, and decides to start again from a random path.

He later finds himself waking up in the bedroom of his base apartment near Fort Campbell.

From this point onward, the ultimate fate of Grimace-18 remains unknown ever since he is wheeled off in a cruiser to somewhere we don't know. Information regarding his court hearing and sentencing, as well as possible transfer to a correctional facility are nothing but wild speculation up until this point.

And he turns up to become the worst prime minister in Canadian history. In a desperate attempt to improve his image with the Canadian people, he buys a stockpile of tens of tons of fireworks to celebrate throughout Canadian Independence Day, but in a terrible turn of events, he ends up pushing the wrong button and ends up nuking all of northern Canada. 60% of the Canadian population dies in this terrible accident, 30% will be dying in the next few days from radiation effects and the remaining 10% were too far south in Canada to be affected.

The Man himself survives because he was flying over Canada when he pressed the wrong button.

The universe implodes due to the amount of numbers and letters combined in confusing codes. The new Liam ends up in the universe of the former Canadian Prime Minister and they meet for the first time. The former Canadian prime minister is now mayor of a small town in the Arkansas countryside called Nukeland.

The unseen cataclysm doesn't happen because of the numerical designation system used by the SPRC.

Susddenly, Liam wakes up back where he was at Emptington County. Unbeknownst to him, he had just been in an Out of Body Experience (OOBE) where he was transported to another timeline, The Canadian Prime Minister's timeline, whilst he was in his dream state.

HOWEVER, Liam checks his e-mails and realizes that he has received an e-mail from the now mayor of Nukeland Town, AR. The email read as follows;

Hello little friend! How are you?

I wonder when you'll be back here in my little town here in Arkansas! I miss our talks about nuclear weapons, accidental explosions and nuclear apocalypses! They are so cute and colorful subjects!

I look forward to your visit, Liam! The small town of Nukeland awaits you with open doors!

Sincerely yours,

Justinian Nukedeau, Mayor of Nukeland Town, AR

Ps.: If you can smuggle that enriched uranium package over to me, I'll give you the key to the city and an NTPD patrol car. xoxo

Liam quickly goes online to buy a box of enriched uranium.

Bizarrely, Liam's purchase for enriched uranium arouses no suspicions by any law enforcement agencies, **for the time being**, and so, he delivers the valuable material to the mayor of Nukeland, as promised. Liam eventually moves to the Tuspukee-Formee hills as and becomes somewhat of a recluse, as he waits for what might happen to Nukeland and Emptington County.

Due to unfinished storyline between Liam and Justinian abruptly ended for his wrongful death from cancer, just so Miles could be the man in the spotlight, Miles himself became deeply plagued with intense and incessant nightmares about Nukeland Town, AR.
