Bonaire.

Merulla is the land of the brave, the fair and of the heroes.

A great kingdom consisting of fifteen federative like states, with a decentralized power, where the real king is the Merullean people.

Come and discover Merulla, where the waves are born.

Just a Futuristic, vengeful, militarized, expansionist German Empire, nothing much to worry about, unless you're one of my targets, then you need to worry. :P

Some sort of Monarchy

I don't know how smart I am. I might be more wrong than I think.

I believe that maintaining the earth should be our first priority.
I believe in the harm principle as expressed in the fourth and fifth articles of the *Declaration of the Rights of Man and of the Citizen*.
I believe that gender roles are redundant.

Bisexual and genderfluid. I accept all pronouns. You don't have to worry about unintentionally offending me.

An amazing Jeffersonian government

☐ **Terran American State** ☐ ~~~ ***The shining city upon a hill built on the coagulated blood of millions of innocents at profit's hand.***

An alternate history where a oligarchic hegemon led by two ideologically similar and increasingly geriatric parties try desperately to keep the flame of American dominance over Earth at any cost.
