Monkey 6299 climbed over the Wall and was converted into a zombie by the White Walkers. He then remained a zombie until he was killed on Z-Day 2020 by a Tactical Zombie Elimination Squad.

Monkey 6290 tried to dig straight down with said wooden sword and fell into a pit of lava creepers, then blew up in a fiery explosion.

Sadly the sword got evaporated from all of this, and the creepers inhaled the wood fumes killing them too

People tend to assume that Entrance of the Gladiators by Julius Fučík is what that ever so famous circus clown theme is. And in a way, it is. Nobody would ever argue with you on this fact.

However, if you want to be an unlikable, pedantic jerk, the song actually known to be circus music would be a version composed for American woodwind bands (and later transcribed for fairground organs) titled Thunder and Blazes, published by Louis-Philippe Laurendeau. Of course, this information is of absolutely no consequence to anyone.
