They are relatively new to me, but then again that ain't saying much considering I'm fairly new. Though based on my very surface level research on this nation, I can conclude that at the very least they are not known much, they are just known by a couple of people.

All NS Stats are canon.

Oh, and I guess you can make up anything else about this nation, like geography and such, based on your own imagination. I don't really plan on writing lore on this nation, at least for now.

A bit well known, they came back from a small slump of inactivity.
