Xocoatl finds Atlas and becomes friends with him, even going far as to upgrade their small business to a car manufacturing facility because of Atlas's wealth.

Xoxoatl decides that it'd be funny to take a little more of his own [Space Methamphetamine](#) while waiting in line, but he dies from getting a little too high, becoming a victim of his own innovation, and that's sayin' something, 'cause he didn't even make it up in the first place!

Before Xoxoatl can die to death from an overdose, he is temporally revived, after which, he describes being in a land of pure white for 69 minutes and 420 seconds before coming back to life again.

Man looks at a fire alarm and thinks it is sentient, ripping it off the wall to hug it and deducting the chances of survival from fire.
