[San Cisco - Metaphors](#)

Your nation is like a son. What it does right is your merit, as well as what it does wrong is your fault. When you praise it, be lucid and avoid exaggeration. Praising it too much can make it indolent. On the other hand, when you criticize it, be harsh, but do not ridicule it. Do your best to improve it, not through derision or disdain, but through good examples and dedication.

It's certainly an interesting concept for a song.

Time to start the insanely long playlist I have (160 songs, 36 hours), but specifically one part that consists of over half the songs on this: That is an album that is part 1 of 4, and EACH part is a 3-part album (3 CD's), totaling 15 CD's (pretty much meaning 15 albums), and 100 songs.

This will probably take all week.

And I just saw he has apparently 60 albums so his stuff on Spotify is just scratching the surface of his music.

Hah, the thing I'm talking about I just looked up and saw it has...13 parts?

Klaus Schulze-I Was Dreaming I was Awake and Then I Woke up and Found Myself Asleep (Part 1)

Reissue apparently combines these parts into one big ass song.

Edit: Holy crap Spotify actually seems to have all 13. Might skip this for now...

DELETE! If I REALLY feel like spending a ton of time listening to him, I'll add the parts later...

Still 23 hours long at 64 songs...

Gonna focus on something shorter instead...

Meh, vocals. I don't really like the vocals on Hella when they have vocals.

WHICH just made me eliminate the 2 albums I had left by them to go through. Still interesting musically but eh.

I completed the hardstyle megamix. One song I rated as 5/5, and the rest of 3.5 or 4.5.
