Entrails - *Collection Of Cracked Heads*

**CVT Temp wrote:**

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Bruce Springsteen - The Ghost of Tom Joad

From *The Ghost of Tom Joad* (1995)

*Men walking 'long the railroad tracks  
Going someplace, there's no going back  
Highway patrol choppers coming up over the ridge  
Hot soup on a campfire under the bridge  
Shelter line stretching 'round the corner  
Welcome to the new world order  
Families sleeping in the cars in the southwest  
No home, no job, no peace, no rest*

*Well the highway is alive tonight  
But nobody's kidding nobody about where it goes  
I'm sitting down here in the campfire light  
Searching for the ghost of Tom Joad*

A lover like no other  
She got soul, soul, soul, sweet soul

That for the first time  
I feel love*

*I have a brother  
When I'm a brother in need  
I spend my whole time running  
He spends his running after me*

U2 - Lemon

From *Zooropa* (1993)

*Lemon  
See through in the sunlight  
She wore lemon  
But never in the daylight*

*She's gonna make you cry  
She's gonna make you whisper and moan  
And when you're dry  
She draws her water from the stone*

*And I feel  
Like I'm slowly, slowly, slowly slipping under  
And I feel  
Like I'm holding onto nothing*

*She wore lemon  
To color in the cold gray night  
She had heaven  
And she held on so tight*
