A bit known.

All NS Stats are canon.

Oh, and I guess you can make up anything else about this nation, like geography and such, based on your own imagination. I don't really plan on writing lore on this nation, at least for now.

I've seen them a pretty good amount of times, I think most that are active on F7 would somewhat recognize them. Overall I'm gonna go with pretty well known.

I do remember them from last year back when I was first active here, but they've been a bit less active recently so I'd say moderately to pretty much well known.

They're an old nation, but I wouldn't say they're too well known recently.

Hey, I could say the same for you [Hijjma](#)! I haven't really seen you

around as of yet and though I can't comment on wider perception that well I feel like I can hazard a confident guess that the same can be said by everyone else.
But of course, you can always change that, and I by all means welcome it aplenty! Well... I mean, try and make an impression in the right way, if you get what I am saying

/ninja'd
Fun!!

Okay, **Meadowfields!**
I can say that I know you better than **Hijjma** because I have seen you many a time in these short-form Forum 7 games and threads.
Hello to you!

To be honest, I don't really have that much good or bad to say about you, which means that an impression doesn't really go beyond surface level for me, though it does seem like you might have a few friends and acquaintances here, so I am sure the wider community may know you better than I do.
Sooooo... Good luck to your future endeavors!

My friend, if you don't know anything to say about someone on these kind of threads, let someone else fill in whilst you take the time to learn more; naturally or otherwise.

It's a bit sad that they lost the password to their old account, but at least they have this backup.

Sad indeed, but on the positive; "The Hyrulean Princessdom" is a much better nation title than "The Realm of Hyrule" imo

Pretty well-known around F7. You'd easily recognize them because of the odd flag shape.
